Subdivision Legal Description:

LIVE OAK GROVE SOUTH AUSTIN AMENDED PLAT OF LOTS 7,8,9,10,11,12 & 13

Lot(s): 9A

Block(s): 2

Outlot: 16 & 17

Division: _____

Zoning District: SF-3-NP (Bouldin Creek)

I/We PHIL MONCADA

on behalf of myself/ourselves as

authorized agent for JON NOTERTHOMAS

affirm that on

Month November, Day 23, Year 2016

, hereby apply for a hearing before the

Board of Adjustment for consideration to (select appropriate option below):

☐ Erect ☐ Attach ☐ Complete ☒ Remodel ☐ Maintain ☐ Other: _____

Type of Structure: ACCESSORY BUILDING

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

SECTION 25-2-492 (D)

SECTION 25-2-774 (C)(2)(a)

SECTION 25-2-774 (C)(4)

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

OF THE UNIQUENESS OF THE LOT DIMENSIONS; AT 70' WIDTH, THE DEPTH OF THIS
CORNER LOT IS TYPICALLY SHORTENED, CREATING A LACK OF SPACE,
PARTICULARLY IN A SITUATION EVEN MORE AFFECTED BY THE DISTANCE
REQUIREMENT BETWEEN REQUIRED PER IRC.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

UNIQUE LOT DIMENSIONS HAVE CREATED A LACK OF SPACE FOR A VERY MODERATE
BUILDING DESIGN, STAYING IN THE PARAMETERS OF THE IRC'S DISTANCE
REQUIREMENT BETWEEN STRUCTURES. IN ADDITION THE LOCATION OF THE
RELOCATED STRUCTURE WAS APPROVED BY THE COA BUILDING INSPECTION
DEPARTMENT. SEE ATTACHED CERTIFICATE OF OCCUPANCY FOR UNIT B.

b) The hardship is not general to the area in which the property is located because:

OTHER CORNER LOTS DO NOT FACE THE SAME DIMENSION CONFIGURATION.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

THE ADJACENT PROPERTY IS 2' FEET INTO THEIR OWN SIDE SETBACK. WE ARE FLEXIBLE WITH THE PROPOSED STAIRCASE: THERE IS AN EXISTING ENTRYWAY ON THAT SIDE OF THE 2ND STRUCTURE, BUT WE COULD EXCLUDE A STAIRCASE LEADING UP TO IT, TAKING US FURTHER OUT OF THE BACK SET BACK.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

N/A

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

N/A

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

N/A

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

N/A
